

The map illustrates the proposed tram network in Aarau, Switzerland. The network consists of 13 stations and 15 lines. The stations are numbered 1 through 13. The lines are represented by purple arrows connecting the stations. Each line is labeled with its number and the frequency of service (Fz) and the number of vehicles (Fz). The map also shows the Aare river and surrounding urban areas.

Line	Frequency (Fz)	Vehicles (Fz)
1-1	1'350 Fz	50 Fz
